GREENWOOD SCHOOL REPORT, 1926-1927

To the Superintending School Committee and Citizens of Greenwood:

Schools are doing well, but are under some handicaps: a short school year, teachers' salaries \$285 a year under the average for the state, seven teachers without any previous experience, and only one with more than one year's experience. Teachers that are proving good should be induced to remain. At the end of eight years when pupils should be fitted for high school they lack eighteen weeks of needed preparation and many have to repeat a grade. We have a good group of teachers, but they can't do the impossible.

An increase in the amounts received from the state and from tuition, a low salary scale, and a smaller expenditure for fuel, have prevented an overdraft in common schools account.

Nothing but absolute needs have been attended to, but there is an overdraft of \$30.52 in repairs, and there are unpaid bills amounting to \$76.27. The shed at Locke's was found in a very bad condition as to roof and sills. New cement vaults have been made. A new stove is needed at No. 7 and also at Bryant's. About \$400 should be expended at Shadagee to make it comply with the law, if a school is to be maintained there right along. Two more buildings should be painted.

The amounts raised for textbooks and supplies have been too low for our growing schools. Globes and maps should be procured to replace those worn out or made out of date on account of the World War. There is an unpaid bill of \$24.97 in supplies due the Superintendent. About half of it

is for printing and postage, a part cost for conducting a campaign for an amendment to the State School Fund Law relating to school conveyance.

Recommendations, accounts, and statistics will follow. I thank you for hearty coöperation during the year.

Respectfully submitted,

F. E. RUSSELL.

RECOMMENDATIONS

Supplies,	200.00
Fence at Tubbs,	

Mr. Yates will give a lot, if the town will fence it.
